Tejanos have an incredibly rich history that needs to be told. How better to tell our story than to learn first-hand what our history is?

Who are we? Where did our parents, grandparents, and great-grandparents come from? Why do we call him “primo”, and her “tia”?

Let us help you create your family history! Our meetings will give you ideas on how to research for relatives. You will develop methods to create your family charts and to find your primos and primas. Along the way, you will learn more about Tejano history.
